Misool Eco Resort

Located in remote Raja Ampat, Indonesia, our resort island is a true tropical hideaway. We are just south of the equator, hidden in an archipelago of uninhabited islands. Our resort island is fringed with powder-white beaches and pristine coral reefs. With a maximum capacity of just 40 guests and a staff-to-guest ratio of 4 to 1, Misool offers exclusive adventure holidays and transformative experiences in pristine nature.

“There is greater biodiversity — that is to say, a larger number and greater diversity of fish, coral, and mollusks — on these reefs than anywhere on earth. A single football field-sized patch of Misool’s reefs has nearly five times the number of coral species as the entire Caribbean Sea.”*

— Dr. Mark Erdmann, marine biologist, coral reef ecologist, and Vice President of Conservation International’s Asia-Pacific marine programs.
