

**FOR IMMEDIATE RELEASE**

May 23, 2013

Report No. S15-20130506-AD53F-999999566

**DiveAlert- Models DA2, DP2 & DV2 Recall Due to Drowning Hazard**

*The US Consumer Product Safety Commission in cooperation with the firm named below, today announced a voluntary recall of the following consumer product. Consumers should stop using recalled products immediately unless otherwise instructed. It is illegal to resell or attempt to resell a recalled consumer product.*

**Name of Product:** DiveAlert & DiveAlert PLUS **DA2, DP2, DV2** signaling devices.

**Units:** About 2,500.

**Manufacturer:** DiveAlert, of Seattle, Washington.

**Hazard:** The female coupling poppet o-ring can come dislodged which in turn could result in reduced air flow to alternate regulator / inflation systems which could pose a drowning hazard.

**Incidents / Injuries:** None reported.

**Description:** This voluntary recall involves DiveAlert & DiveAlert PLUS models **DA2, DP2, & DV2** signaling devices. (These models are specifically designed to fit the Aqualung AirSource \*includes AirSource3 QD\*, Oceanic Air XS, Aeris AirLink, and Mares Air Control alternate regulator / inflation systems.) These devices fit inline to the BCD alternate regulator / inflation system, and use the high pressure gas in a scuba cylinder to activate a loud surface horn or an underwater percussion noise. The signaling devices in question have no stamped writing on the female coupling collar. ONLY model **DA2, DP2, & DV2** couplings with no writing stamped on the collar are included in the recall. No other DiveAlerts, or any Aqualung, Oceanic, Aeris, or Mares alternate regulator / inflation system are included in the recall.

**Sold At:** Authorized DiveAlert dealers and distributors from July 2009 to May 2013.

**Manufactured in:** United States.

**Remedy:** Consumers should immediately stop using the recalled DiveAlerts and return the device to an authorized DiveAlert dealer or to DiveAlert for a free repair. The repair consists of the replacing of the defective female coupling.

**Consumer Contact:** For additional information, contact DiveAlert toll-free at (800) 275-4332 between 8 am and 5 pm PT Monday through Friday or contact via email at [info@divealert.com](mailto:info@divealert.com). Website information, go to [www.divealert.com](http://www.divealert.com).
