DrySuit Inflation Hose Recall

RECALL for substitution of the Flow Restriction Insert

- For DrySuit Inflation Hoses produced June 2006 thru February 2009 -

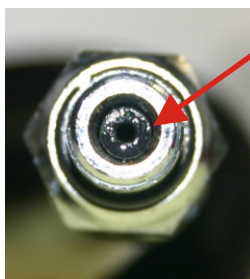

Batch code interpretation (Sample Indicates "YF9")

- (Y) 1st digit of the alphanumeric code = year
- (F) 2nd digit = month (A-L)
- (9) 3rd digit is the lot that month starting with 1-9 followed by A-Z

Thread Size (Sample Indicates a 3/8" Thread Size)

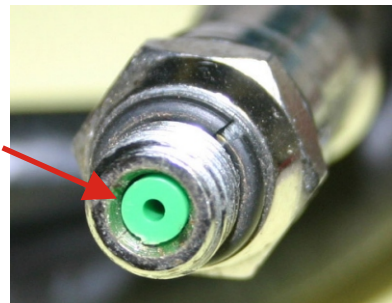

Identify batch code on hose (In Above example "Yf9"). Then Check the list on the next page to see if your DrySuit hose is under the recall. If your hose is subject to this Recall, you will need to have a new Flow Restrictor Inserted.

Flow Restrictor under recall shown in black at left (Center of Hose)

Flow Restrictor after Retrofit shown in Green at Right (Center of Hose)

Flow Restrictor

DO NOT dive with a hose subject to this recall until the insert has been substituted (replaced with a green insert) by recognized service personnel.

Contact your dealer that sold you the hose/drysuit (in which the hose was included) for more information.
