## Notes to be prepared:

- **Please have a MESH Bag or a Collapsible Bag** to carry & Stow your dive gear when u get on the Boat. Hard Luggage or No Bag is unacceptable & rude to others (Note: Hard cases take too much space).
- **BE ON TIME TO THE BOAT!** You need to be on Board with all your Gear at 6:45 am. Following situating your gear, making sure you have EVERYTHING & Filling out RELEASES, the Boat will depart at 7am Sharp.
- **We DO NOT WAIT** for people who are late. Being on time is on you, so please plan accordingly.
- **Please come with about \$20 for the crew tip.** You will be catered to all day long. The Crew will fill your tanks after each dive & cater to you on & off the Boat. Boat etiquette is normally a MINIMUM of \$5 per dive tip - you will be making 3 dives & you are likely to need extra help. The crew works hard & you will be spoiled, so PLEASE tip accordingly.
- Pack your gear the night before. You should have your BC (With Weights), Tank & Regulator pre-assembled. Your Mesh bag should contain: Mask, snorkel, Fins, Boots, Gloves, Wetsuit, Defog, sunblock. When u park your car, put your BC on your back (Tank/weight/reg system), grab your mesh bag as well as your Dry Bag & walk to the Boat. It will be heavy & challenging, but u can do it! 😊 View the online map so u know where you're going.
- You can bring a separate dry bag with a towel, phone, sunblock, brush, Course Materials, Logbook, Tables etc. to keep with your gear as well.
- Expect GREAT things in Catalina. It's a world-class diving destination and you will see lots of cool stuff. Be prepared for some FUN!
